

2U DUO

[CLICK HERE FOR VIDEO](#)

Stacey Lee Erasmus - Vocalist

Stacey-Lee began her musical career at the tender age of 11. Coming from an extremely musical family, she knew that she wanted to be a performer when she first got on stage and sang Whitney Houston's on my own at 9 years old.

Stacey's performed alongside South Africa's best artist's, these include Georgie Carelse, Robbie Jansen, idols winners Karen Kortjie and Sashay Lee, Ricardo, Philani Ngidi, Zakes Bantwini, Mi Casa, and when internationally acclaimed guitarist Ronnie Jordan came to South Africa, Stacey was handpicked to be one of his singers.

Miss Erasmus has also partaken in the South African popular competition IDOLS, having made it to the top 80; the young vocalist says it's an experience never to be forgotten. Stacey currently resides in Durban and is rocking the scene with her powerful voice, sassy attitude and amazing stage presence. She performs at Durban's most exclusive night club, Dance Cafe with her partner David.

Stacey and David also work together as a duo called "2U". The two have been performing together for 3 years at various functions such as weddings, birthday parties, cocktail parties and corporate events.

David Govender – Vocalist & Keyboard

David's musical career started off as a hobby from the age of 3. His first love was playing the drums and around 9 years old he then started playing keyboard. David has not studied music whatsoever, but he believes it is a gift from God. At the age of 15 David joined a band Grounded4life that performed at various malls, concerts, bars, casinos and some church charity events.

David and his partner Stacey formed a Duo called "2U" and have been performing for about 3 years performing a large repertoire of songs from dance, pop, jazz, soft rock, R&B, reggae & more. David creates his own high quality backing tracks sounding like the original songs but adding his own little flavor and twist. Apart from the drums & keyboards, David also plays the bass guitar and acoustic guitar & is involved in sound engineering & music production so when it comes to good music & excellent sound, professionalism is at its best!
